Its remarkable development has drawn toward it more than the usual attention given to benevolent and fraternal organizations. The membera of the Y. M. The election for city and county officers which occurs next Tuesday should interest every voter in this city and county. It may not be out of place to here call attention to what would result if Stratton were elected Mayor. The statement has been made that big Bill Deforrester, who has been charged with running crap games and is known to be an enemy of a large portion of our population, will be Stratton's Chief of Police. This has not been defied by the Republicans. Phil Boro is another nice Republican geraothers who four years ago tried to by creating religious prejudice and that would land them in office.

This paper is not partisan, but feels that it is its duty to speak out the calamity that will befall them in the event of Republican success. We want Louisville saved from the blight of the bigots and the misfortunes that would follow if they were allowed to win.

Vote the straight Democratic ticket and Louisville will be saved from the gang whose only purpose is to fatten off the people, regardless of the consequences. With this warning we feel that Stratton and his cohorts, who have been secretly striving to bring religion into the campaign, but happily and ignominious defeat.

VOTE THE STRAIGHT DEMOCRATIC CITY AND COUNTY TICKET.

.The Democrats of Louisville and Jefferson County have brought to a close what promises to be the most successful campaign in the history of the party in this, the metropolis of Kentucky. The election, which is to take place Tuesday next, will have a far-reaching effect on the politics as well as the business of the city and State. That the ticket will be elected is conceded by even leading Republicans, the only question now being as to majorities. This is predicated, however, on the supposition that the full registered vote will be brought out on November 5. All factions in the party are united. This has not been the case for many years before. With a united party, and the opposition badly divided, it is apparent to everyone that the Democratic ticket ought to be elected by at least to be elected by at least to the open the lowest man on the total party for the lowest man on the lowest man of the lowest man of the lowest man of the lowest man of the lowest man 5,000 majority for the lowest man on the Democrat who has the success of his ticket. He will make an able hia associates get the full Democratic and fearless Judge. vote, but they have every reason to expect 95 per cent. of the union labor vote, and aeveral thousand Republicans who are dissatisfied with the management of the Republican party by the clique in the Custom House.

The campaign just closed has been conducted on broad and dignified lines. There has been no abuse heaped_on the Republican party or its candidates. Except for the criticism indulged in by Republicans themselves of Mr. Sapp's machine methods there has been nothing said against the individual caudidates picked out by Sapp, while much could be said as to the incompetence of many of them to fill the places to which they

make a model Mayor. He is young, full and his record is willout a flaw. of energy, has good business capacity and long experience in municipal politics. The politicians can not fool him. He has a head of his own and a way of his own. He is a native of Louisville, knows the people and loves his city. He has pledged himself to devote his entire time to developing the business interests, and being a manufacturer himself, will try to encourage new industries. It is a high tribute to Mr. Grainger and the company over which he presides that a strike has never taken place in the big foundry and machine shop now so successfully in operation under his management. It is no wonder that labor men and leading Republicans are enthusiastic for the Democratic nominee.

We herewith present the pictures of gentlemen whom we ask our readers to large majority for Bailiff of the Police appear on the ballot.

E. T. Schmitt, for Sheriff, has been a deputy in that office for many years. Everybody knows and likes "Dick" Schmitt, aud it is a foregone conclusion that he will be the next Sheriff by the largest majority ever given a candidate.

William J. Semonin could probably be elected County Assessor as long as he lives, so good a record has he made in Robert J. Hagan, for Prosecuting At- that office, but the law does not permit office it is safe to predict he will fill it as Assessor. He will be a worthy auccessor of Mr. Johnson.

Democrats ought to pay particular attention to the Legislative races and see that all the nominees are elected. H. S. McNutt, who is making the race for Senator in the Thirty-sixth District, is a well known business man of Louisville. He ought to get the full Democratic vote, as he is a Democrat who has never deserted his party.

These men would be a credit to a Legislative body in any city in the world. With men of this high character in the Legislative department of the city, all ready to carry out the policy of the Mayor and united for the common good, the city will have a government such as it never had before. From the beginning everybody has conceded that the municipal legislative ticket was the best ever uamed.

For Park Commissioners the old reliable three, Gen. Jonn B. Castleman, Louis Seelhach and Gottleib Layer, have heen named for re-election, and their fine records ought to insure them large majorities.

"Clark's New Royals," a thoroughly up-to-date aggregation of unusual excellence, will be the offering for next week at the Buckingham Theater. The show is made up of American and European talent with a distinct povelty in the English specialty of Bedini aud Arthur, whom Manager Clark imported from England the past summer. From everywhere we hear the most flattering re- Gaivin. ports of this specialty, and the fact that the act was retained on the Keith Circuit for an engagement of eight weeks proves conclusively that it is one far above the average.

For the coming week at the Temple Manager Meffert announces William Gillette's famous comedy, "The Private Secretary," which for season after season has renewed ita auccess. This will be the first production here of this amusing play at popular prices. It will be given with the same stage setting and scenery as was seen in New York. The vaudeville for the week includes turns by Werden and Sheppard, Cole and De-Losse and others. Werden and Sheppard will give their famous song illustrating specialty, which was the biggest vaudeville hit of last season. This year an entirely new repertorri of songs will be used. This attraction should draw crowded houses at every performance. Col. Meffert spares neither pains nor expense in giving our amusement going people the best that can be found on the American stage, for which he should be rewarded by large putronage. A nicer or safer family theater can not be found anywhere, and it is gratifying that the recent scare had no bad effect.
